OUR HISTORY

The educational program conducted by Seventh-day Adventists in China had its beginning in the south. In 1903 the Church opened its first school taught in Chinese. This school was conducted especially for girls and was called "The Bethel Girls' School". Miss Ida THOMPSON acted as the first principal.

Shortly after, Pastor Edwin Hymes WILBUR established the "Yick Chi Boys' School". However, because of some difficulties, this school was closed down after several years of operation. It was reopened in 1915 under the direction of Pastor A. L. HAM, and renamed "Sam Yuk School". This name in later years became prominently identified with Seventh-day Adventist education throughout Asia.

This first Sam Yuk School prospered. As a result, suitable ground was purchased in the eastern part of the city of Guangzhou. In 1922 a school was erected. As soon as the new buildings were ready for occupancy, the Bethel Girls' School and Sam Yuk School were incorporated as a part of the new co-ed system known as "Sam Yuk Middle School". With the beginning of the Sam Yuk School in 1915, the educational work of Seventh-day Adventists in China followed somewhat the same pattern as those conducted in the United States and Europe, catering specifically to the education of Seventh-day Adventist children. Following this plan, the Sam Yuk Middle School served the Guangzhou, Hakka, and Guangxi Missions in the South China region.

In 1935 the South China Union Mission at its biennial session voted to take over the direction of the Sam Yuk Middle School and to rename it "South China Training Institute". It was further voted that the school would serve the provinces of Guangdong, Guangxi, and Fujian.

Following the rise of turmoil in China as a result of the Sino-Japanese War in 1937, the school was moved to Hong Kong and temporarily established in Shatin in the New Territories. During this time, the China Training Institute (Junior College) from Central China was also moved to the same quarters and the school was given the double name, "The China and South China Training Institute". Soon after this, 40 acres of land was purchased at Clear Water Bay, Kowloon, Hong Kong. After the buildings were completed two years later, the school was moved to the present site.

When World War II was over, the school first operated at its former site in the district of Tungshan in Guangzhou and remained there for one year. Then, in December 1947 the school moved back to Clear Water Bay, Hong Kong. Though the school from its inception had to make frequent moves as a result of calamities of war, God's hand was constantly over the school. In 1958 when the need was felt for further training opportunities for Seventh-day Adventist youth, the Far Eastern Department of Seventh-day Adventists (renamed in 1995 as the Asia-Pacific Department) authorized the South China Island Union Mission to open a college to be operated in connection with the secondary school on the campus at Clear Water Bay. A college curriculum was introduced in 1962 and the school name was officially changed to "South China Union College" in 1964.
In 1981 the constituency of the South China Island Union Mission officially divided South China Union College into two institutions and adopted the name of "Hong Kong Adventist College" to identify the college program as a separate entity from the secondary program of Sam Yuk Middle School. The College was subsequently registered with and approved by the Education Department of Hong Kong.

In 1982 the College implemented an affiliation with Loma Linda University (subsequently La Sierra University) through which students enrolled in Theology and Religion programs could receive degrees granted by the University. The affiliation relationship with La Sierra University ended in 1996. In 1999 with the help of Dr. WONG Yew Chong, previously the College Academic Dean and President, the College established an affiliation with Walla Walla College (now known as Walla Walla University) which was accredited by the Northwest Association of Schools and Colleges (NASC) and given recognition by the Hong Kong Education Department as well as the Non-local Courses Registry of Hong Kong. Its theological programs were also accredited by the Association of Theological Schools of Southeast Asia (ATESEA) in 2000.

In 1995 the College began a major redevelopment program, the first phase of which was completed in 1997. This added three sets of buildings, an administrative-classroom block that also incorporates an 800-seat multipurpose hall and a 400-seat cafeteria, a four-story student dormitory block with separate entrances for men and women and private residences for two residence hall deans along with a smaller multipurpose hall for dormitory student use, and three blocks of four-story staff quarters to accommodate twenty-eight families.

With the assistance of Dr. Charles TIDWELL, previously the College Academic Dean and Vice President, the College became affiliated with Andrews University on a Religion Degree Program in November 2007, a Psychology Degree Program in January 2008, and a Health Degree Program in April 2009. Hong Kong Adventist College is a member of the worldwide system of Seventh-day Adventist Schools and Colleges and is accredited by the Adventist Accrediting Association. Hence, all credits and diplomas of the College are given worldwide recognition by all other Seventh-day Adventist institutions of higher learning around the world.

With the new buildings and facilities, the College further developed to provide the community services that closely tie the gospel and health ministries together. In 2006 the College established the Sam Yuk Health Education Center with support from the Chinese Union Mission and the Hong Kong Adventist Hospital. The College collaborated with the Adventist Hospital and Hong Kong-Macao Conference to provide health camps, health programs, retreats, conferences, seminars and workshops as a community service while at the same time being a field training ground for the students in the Health and Fitness program of the College.

As a result of a consortium developed with Griggs University and the Chinese Union Mission in 2007, the College began offering a Bachelor of Science in Business Management in 2011. The program is registered with the Hong Kong Education Bureau as a non-local degree. It is accredited through the Griggs University affiliation by the Distance Education and Training Council.
In 2008 the College acquired the status of a TOEFL center where the College offers TOEFL English, and TOEFL iBT tests on Sundays, so Adventist young people from Hong Kong and even China can sit for the tests without interfering with Sabbath worship. The College also became a Center for SAT to support students at the pre-college level who plan to further their studies in the US or at the College. To further provide the students with more options for increasing their English proficiency, the College became an official British council IELTS Partner Agent in January, 2011, allowing students to sit for the tests through the College.

An Associate in Business Degree was accredited by the Hong Kong Council on Academic Accreditation and Vocational Quality (HKCAAVQ) in August 2011. As a locally accredited program it provides for upward pathways in education through local universities and colleges or overseas higher education institutions.

In response to major changes in the Hong Kong education structure, Hong Kong Adventist Academy opened in September 2011 providing bilingual instruction in English and Putonghua at the primary and secondary levels. HKAA replaces the traditional Matriculation system with a local program including international electives.

OUR MISSION AND PHILOSOPHY

- Searching for truth and knowledge
- Training them to be responsible leaders and citizens
- Engaging God in relationships and in deeds

Together we can **STEP** forward to serve.

VISION

Hong Kong Adventist College is an accredited, private non-profit SDA educational institution where Christian educational professionals meet to make it a learning and training center, and a place for appreciation for Chinese and English languages and cultures, health and gospel ministry.

VALUES

Excellence, truth, obedience, honor, integrity, purity and unselfish service.

PHILOSOPHY

Hong Kong Adventist College offers a Christian education based on the following philosophy of the nature of God, man, and truth:

God is the origin of all truth, the prime mover of all human affairs, the Creator of life, form, thought, knowledge, reason, order, harmony, and beauty. He, the sustainer of the universe, is absolute, unchanging, and infinite. Yet, as the embodiment of life, He is intimately interested in each individual in a personal way and in the affairs of the entire human race.

Man is God's unique creation. He was made originally in His image, and was good and perfect in His sight. As a result of sin, man has inherited a tendency to evil. Though influenced by the forces of his heredity and environment, he is capable, through the help of God and the exercise of his own free will, of restoration to his original God-like state of being.

Truth embodies the knowledge of God. Therefore, the search for truth dominates our endeavor. We hold that truth is, consequentially, consistent with God's revelation and God's standards at all times. Man’s capacity to understand truth, while limited and even perverted by the entrance of sin, still may, with God's help, expand to pursue truth as it widens with every conquest of new frontiers.
The faculty is a group of scholars seeking truth. The College is also a learning environment designed and organized to assist people, who, responding to the call of God for service, seek to prepare themselves for the task of the gospel commission.

Consequently, the College is not necessarily confined by walls or fences, or even to a specific geographic location; it reaches out to the constituency, to people who value its expertise and its services.

Knowledge and reality are tangible conceptualizations of truth and may be acquired through logic, human experience, and divine revelation. To be meaningful, however, knowledge must be rediscovered by each learner through study, through the use of the senses, and through mental organization of the facts, concepts, and thought systems surrounding truth. True knowledge is the understanding of reality, which comes from the reordering of facts, skills, applications, and evaluations within the Divine perspective.

The work of education is comprehensive and far-reaching. In terms of redemption, it is synonymous with restoring in man the image of His Maker, the image lost when the human race fell into sin. Education is an environmental influence, emancipating men from ignorance, defeat, and fear and endowing him with the ability to know, to understand and apply; to analyze, and synthesize—in a word, to evaluate wisely and to function comfortably in the context of society’s demands. To be educated means to be able to master oneself, to be selfless, and to be humble, flexible, polite, morally pure, ethical, and sensitive, so that the person becomes disciplined, self-fulfilled, and balanced. The work of education is practical, preparing students for this earthly life where they may function effectively in their chosen occupational and living environments and for the greater joys of heavenly life.

The immediate task of the College is to foster an atmosphere for learning that follows the purposes and principles of Seventh-day Adventist education. The latter allows for spiritual, intellectual, and physical growth. Youth educated in this institution are expected to have a clear understanding of themselves as persons, to develop a mature understanding of life, to learn well the professional skills of at least one academic discipline, to acquire sufficient vocational and communication skills needed to earn a living, and to have a thorough understanding of the culture in which they live.

This development of the whole person, mentally, physically, and spiritually, is implicit in "Sam Yuk" which is found in the Chinese name of the College. A "Sam Yuk" education includes the following general objectives and methods of implementation:

1. **MENTAL**

   Students acquire knowledge, skills, and attitudes to pursue their chosen careers, avocations, and interests in order to meet the needs of society and the church. In the process of learning, students are encouraged to aim for excellence and to think independently and creatively. In addition, students learn to appreciate their cultural heritage through bilingualism and an understanding of East and West.

   Students attend all scheduled classes and may be absent only for excusable reasons. They are encouraged to spend about two hours of study including preparation time for
each class period. The general studies requirements, in particular, pursue a broad liberal arts approach in the curriculum.

2. PHYSICAL
Students learn to appreciate the dignity of physical labor and the advantages of acquiring manual skills. Each student has the opportunity to develop habits that promote health and physical fitness.

Students participate in an on-campus service program as community service, and in physical education courses, which are part of the required curriculum. On campus, they partake in a healthful vegetarian diet provided by the college food service. Students do not use tobacco, alcohol, or other harmful drugs. Of the three weeks of spiritual emphasis that the College has each year, one is related to health.

3. SPIRITUAL
Students are expected to understand Biblical beliefs as understood by Seventh-day Adventists. They learn to make life decisions based on Christian ethics and values. They associate with teachers who demonstrate caring relationships and commitment to service so that students may emulate these traits.

Students attend weekly Chapel periods and the Week of Spiritual or Health Emphasis (aka Gospel Week) every term. As part of their curriculum, they enroll in regular classes in Biblical studies. Dormitory students are expected to attend daily worship services and all students are encouraged to attend spiritual activities such as Sabbath worship services, Wednesday prayer meetings, and Adventist Youth programs.

Accreditation Objectives: In terms of accreditation, the objective of the College is to provide a tertiary program that is accredited and recognized by both church and government organizations. This includes maintenance of the accreditation and recognition by the Adventist Accreditation Association (General Conference of Seventh-day Adventists), the Association of Theological Education in Southeast Asia (ATESEA), and other accreditation bodies. This College continues to seek articulation agreements with universities overseas in order to provide a wider spectrum of education services to our college students.

STUDENT LIFE

Student life at Hong Kong Adventist College is designed to help each student understand and appreciate Christianity in the context of a Seventh-day Adventist lifestyle.

The underlying philosophy is to facilitate personal growth and maturity. Character development is the main objective of Christian education, and the College seeks to assist the student in attaining self-discipline, healthful living, high moral standards, and leadership ability.

The College actively seeks students who respect the Bible as the Word of God, who participate willingly in the worship of the true God, and who strongly desire to carry out their civic obligations cheerfully and consistently.

CHRISTIAN COMMITMENT
The religious life of a student is central to the objectives and programs of the College. Religious programs for worship and witnessing are vital and attendance is expected. As this is a Seventh-day Adventist school, students are expected to respect the Adventist way of life, which emphasizes healthful living and encourages daily worship and rest on the Sabbath.

CHAPEL/ASSEMBLY
The College conducts weekly chapel/assembly programs. These programs are regarded as a vital part of the total educational program. These programs contribute to the spiritual needs of the College, promote unity of student life, provide opportunities for promoting general college interests, and allow for announcing of college events. Attendance at these activities is required.

SABBATH OBSERVANCE
Seventh-day Adventists believe that Saturday, the seventh day of the week, is God's holy Sabbath day. This Sabbath is observed by the entire campus community from sunset on Friday evening to sunset on Saturday evening. The campus community refrains from secular activities such as amusement or class study and preparation. All preparation for the Sabbath such as the cleaning of the dormitories or preparation of clothing is to be completed before the Sabbath begins. All students, staff, and faculty as well as visitors are requested to respect Sabbath observance.

CHURCH SERVICE
The Bay View Church of Seventh-day Adventists accommodates students interested in church fellowship. In principle, the church pastor serves on the faculty of the College. There is a close cooperation between the two institutions in the offering and planning of religious activities.

Hong Kong Adventist College considers religious services as opportunities for character development and spiritual growth. Thus, morning and evening worships are organized for dormitory students. Prayer meetings, vespers, Adventist Youth meetings, Sabbath school, and Divine Worships are also scheduled by the Bay View Seventh-day Adventist Church.
WEEK OF SPIRITUAL OR HEALTH EMPHASIS (aka LIFE EDUCATION WEEK/GOSPEL WEEK)
Once per term, the College conducts a week of spiritual emphasis involving invited speakers, prayer bands, and other related activities. These weeks are among the high points in the school calendar.

SOCIAL AND CULTURAL EVENTS
The social and cultural events of the entire year are planned and scheduled in the school calendar. There are a number of formal events each year. These events are designed to help the students achieve refinement in taste and deportment for social affairs.

RECREATION AND SPORTS
The College has facilities for recreation and sports. There are a gymnasium, basketball and volleyball courts, and a play field for football and other events. A paved circular roadway on campus provides opportunities for jogging or walking.

STUDENT LIFE COUNCIL
Students’ participation in the affairs of the College is exercised through the Student Life Council. This Council organizes programs that enhance students’ intellectual, social, and spiritual development and allows students’ input in administrative decisions.

OTHER RELIGIOUS ACTIVITIES
In addition to the religious activities listed above, students may also join the Church choir, singing groups, the Adventist Youth organization, evangelistic efforts, and other witnessing activities. Special training seminars are also held occasionally.

PROFESSIONAL CLUBS
Students may organize extra-curricular clubs after consultation with the Dean of Students. There are dormitory and collegiate musical organizations. In addition, academic clubs, under the direction of the Academic Dean, exist to cater to the interests of students in various curriculum areas.

APPEALS
Student appeals related to grades, academic programs or degree requirements (e.g. residency requirements, and exemption from courses) and disciplinary matters would be dealt with according to the following procedures:

Grade Appeals
Student should first seek a satisfactory solution through discussion with the instructor. If this is not possible or the instructor cannot be reached, the student must send a written statement detailing the grounds for the appeal to the chairperson of the Department in which the grade was earned. This written request must be received by the Department Chair within seven working days from the date when grades are available. The Department Chair will then initiate the school's procedures to review the appeal. The student will be notified of the decision within five working days. The student may appeal this decision in writing to the Academic Council within seven working days of notification. A completed appeal form along with supporting documents should be submitted to the Registrar at least five working days before
each scheduled Academic Council meeting. The Academic Council’s decision is final on all grade appeals. All decisions would be sent to the Registrar Office for verification and record.

**Appeals of Academic Program or Degree Requirements**
A written petition along with supporting documents should be submitted to Department Chair of the appropriate Department detailing the grounds for the appeal. The Department Chair will respond in writing with a decision. The student may appeal this decision in writing to the Academic Council within seven working days of notification. The Academic Council’s decision is final. All decisions would be sent to the Registrar Office for verification and record.

**Appeals of Disciplinary Matters**
The student may appeal in writing to the Discipline Council within five working days of notification. A completed appeal form detailing the grounds for the appeal should be submitted to the Dean of Students. The student will be notified of the decision within five working days. The Discipline Council’s decision is final. All decisions would be sent to the Dean of Students’ Office for verification and record.

**GENERAL STANDARDS**
High standards of Christian conduct are expected of every student. These include standards for dress and deportment.

Broadly speaking, students are expected to dress modestly, neatly, and appropriately with no extremes in hairstyles, ornamentation, or cosmetics that draw undue attention to oneself. Jewelry should not be worn.

The language used on campus should reflect the refinement and usage expected of scholars and educated persons.

The literature and reading brought on campus should be elevating and inspiring; pornographic materials have no place in the College. The music played on campus must also be of a high artistic and moral standard. Loud, distracting music is not acceptable and may lead to the confiscation of the musical instrument or equipment.

Tobacco, alcoholic beverages, illegal drugs, gambling, weapons, or anything else that reflects a violation of the laws of Hong Kong is prohibited and the College will not hesitate to involve the police authorities, if necessary. Failure to abide by these general standards or other regulations as published and announced may result in disciplinary action.

**HEALTH**
Each student is expected to live according to the principles of health. A balance between study, recreation, work, and other aspects of living is desired.

**STUDENT HANDBOOK**
Further details of the behavior expected of each student are given in the *Student Handbook*. Each student is expected to be familiar with these published regulations and guidelines.
STUDENT SERVICES

ACADEMIC ADVISEMENT
Each Department Chair acts as an academic advisor for students in his or her areas. If a student is undecided as to the choice of major, he or she should consult with the Academic Dean or with the faculty of the Department offering those courses in which the student is most interested.

CAREER AND COUNSELING
Personal counseling is coordinated through the office of the Dean of Students and Career Counseling Center. A trained counselor is available to students and staff on a regular basis.

ORIENTATION
During the opening days of the school year, an orientation to college life is conducted. This process not only helps the students to adjust to the school but also assists school personnel in understanding the students' needs. Placement tests in English language ability may be administered at this time. While this may be an intense exercise, it is considered to be only part of the year-round activity to help students.

SPIRITUAL ASSISTANCE
The Church Pastor, the Chaplain, and the Faculty are available for spiritual assistance and counseling. Dormitory students should seek the Residential Deans for their spiritual and personal welfare.

CAFETERIA
Balanced vegetarian meals are served in the College cafeteria. The residence fee for dormitory students includes meals in the cafeteria. A day student may eat meals in the Cafeteria for a minimal charge.

COMPUTER FACILITY
Two Computer laboratories and a Language laboratory with networked computers are available for student use. In order to use these computer facilities, each student will need to open an account with the laboratory and sign an agreement covering computer laboratory use and regulations. Students may also use computer workstations in library. The Language laboratory is a certified iBT TOEFL exam center in Hong Kong SAR region.

DORMITORIES
A student may apply to reside in the campus dormitory. Since students share furnished rooms, this arrangement allows for maximum development of social skills and presents many opportunities for independent as well as cooperative living.

HEALTH SERVICES
Minor problems are cared for by the school nurse on campus. Referrals are made, whenever necessary, after initial assessment. The nurse has a list of medical practitioners that students may visit for consultation.
LIBRARY
The College library supports the academic program with a wide variety of educational materials. There are about 50,000 volumes, including a collection of audio-visual equipment and materials, and 105 current periodical subscriptions. Students will find learning materials readily available in the open stacks.

PUBLICATIONS
Students, under faculty sponsorship, are responsible for the publication of the yearbook, the Clarion. The Registrar's Office is responsible for the student-faculty directory, Faces.

COMMUNITY SERVICE
The College believes in the dignity of labor. Each member of the College is encouraged to participate in community and social service. The College provides activities involving manual labor, community work, or other programs to develop this concept.
FINANCIAL INFORMATION

The educational program at the College represents a substantial investment on the part of the Seventh-day Adventist Church. The tuition and fees paid by each student defray only a part of the total cost of instruction. Each year much of the operating cost is provided by generous subsidies from the Church and friends of the College.

It is the policy of the College to keep tuition and all other charges at a minimum. When deemed absolutely necessary, actions will be taken by the Board of Trustees to revise the charges to meet rising costs. The College reserves the right to do this without prior notice.

RESIDENCE EXPENSES

Monthly residence fees include both food and lodging for those living in a dormitory. A student who enters the dormitory after the beginning of the month will be charged on a daily basis for the portion of the month he or she uses the facility. School and/or public holidays do not affect monthly fee charges.

PAYMENT

Tuition and residence fees must be paid on the first working day of each month.

An account that is past due will be charged interest at 1% per month on any unpaid balance. Any student whose account is past due from the previous year must pay in full before registering for the current school year.

It may be used for the purchase of a return ticket as needed. The remainder will be applied to school expenses. APPLICATION DEADLINES

The College accepts applications throughout the year. However, a student is not allowed to register for courses after the last official day to enter classes. Late admission may be considered on an individual, merit basis. Although the processing of an application seldom takes more than two weeks (once all supporting application materials are received), a prospective student should allow at least six weeks for the application process. A foreign student should plan on an additional four to six months in order to obtain visas from the nearest Chinese Embassy or appropriate office in his or her own country.
ACADEMIC POLICIES

The development of academic policies at the College is a continuing process involving both faculty and students in an attempt to provide fair and consistent operating practices for all members of the academic community.

The Academic Council meets regularly to deal with academic matters and to formulate academic policy. A request for any variance from published academic policy must be submitted to this committee on a petition form available from the Registrar's Office.

As academic policies are formulated and revised from time to time, they are announced during assemblies and/or posted on the Registrar's Office bulletin board. Announcements of new or revised policies are considered as official as those published in this Bulletin and will be incorporated in subsequent publications. Changes are available from the Registrar. Changes in academic policies are effective from the date announced.

ACADEMIC AUTHORITY

The Academic Dean is the final authority in all academic matters and is charged with the interpretation and enforcement of academic requirements. Any exceptions or changes in academic requirements, graduation requirements, test schedules, or grades are not valid unless approved by the Academic Dean. Any action taken by individual faculty members in regard to these matters are advisory only and are binding to the College unless approved by the Academic Dean.

PETITIONS

A student wishing to seek clarification of, or to be exempted from, any academic policy may do so through a petition to the Academic Council. A petition form is available from the Registrar's Office. A completed petition form along with supporting documents should be submitted to the Registrar at least three working days before each scheduled Academic Council meeting. Please also refer to section on “APPEAL” (p.18-19).

REGISTRATION

The academic year at Hong Kong Adventist College is divided into three school terms: Fall Semester, Spring Semester and Summer Session. A student is required to register during the days published in the Academic Calendar. The registration procedure usually includes completion of forms from the Registrar's Office, faculty advisement, financial clearance, and program approval. Registration is officially completed only after all fees are paid, all completed forms are accepted by the Registrar's Office, and a registration notice is issued.
NEW STUDENT ORIENTATION
All new students are expected to be present at the new student orientation program as scheduled. This program is designed to introduce new students to life at Hong Kong Adventist College, to provide entrance and placement tests, to introduce students to their academic advisors, to begin academic advisement, and to initiate registration. The English placement test required for entrance is usually given at this time for those who do not have test scores on file at the Registrar’s Office.

LATE REGISTRATION
A student who registers after the designated day(s) is charged a late registration fee of HK$500. A late registrant may be required to take a reduced course load and is responsible for all missed work. No student may register after the last official day to enter classes.

CHANGES IN REGISTRATION
A student may enter or withdraw from any course without charge during the first week of each semester. After the first week, a fee of HK$50 is charged each time for changes made in their program. A student may not enter a course after the second week of the regular semester and after the first week of a summer session. A Change of Program form, available from the Registrar's Office, must be used for any changes in registration.

AUDIT REGISTRATION
Regular students who are registered for 12 credits of class work may, in addition, audit a course by permission of the instructor and the department chair. Students may change their registration from credit to audit through the tenth week of the semester. Students who have taken a course under the audit provision will not be permitted to challenge the course later on.

Special students may register to audit courses for which they pay regular tuition fees. Registration may not be changed from audit to credit.

Regular attendance policies apply to all audit students. Audit students must conduct themselves in such a manner so as not to interfere with the rights of students taking the course for credit. No grades or credits will be issued or recorded for audit courses. Such courses will be recorded only as AU.

REGISTRATION RECORD
During registration, an initial registration notice is issued to each student. After the first week, a final registration notice is issued. A student must report any errors to the Registrar’s Office within two working days after the final registration notice has been issued. Official class lists, which are issued to instructors, are based on the official registration notice.

CANCELLATION OF COURSES
The College reserves the right to cancel a class according to circumstances. The following factors will be taken into consideration in determining whether to offer a class with fewer than five students: teacher loading, teacher availability, sequence of courses in major and general studies requirements, as well as the needs of the students.
CHANGE OF CLASS SCHEDULE
The College reserves the right to change the class schedule according to circumstances such as conflict of classes and time. Priority will be given to students who are graduating within the school-year.

WITHDRAWAL
Withdrawal is considered a serious decision and should be made in counsel with the student's advisor.

The College administration reserves the right to require a student to withdraw at any time for reasons considered sufficient to justify such a measure. Such reasons include continued academic failure or unwillingness to abide by college regulations and principles. Re-admission will be considered on individual merit.

WITHDRAWAL FROM COLLEGE
A student who wishes to withdraw from the College must complete the Total Withdrawal From College Form, obtained from the Registrar's Office. This process includes withdrawal from all classes, clearance from the advisor, the Academic Dean, Business Office, the Dean of Students, the Librarian, the Residence Hall Dean (for dormitory students), and the Registrar.

COURSE OR PROGRAM CHANGE OR WITHDRAWAL
A student who wishes to add a course or to withdraw from a course or a program must complete and file appropriate forms supplied by the Office of the Registrar. This should be done in consultation with the student’s Advisor and/or the Academic Dean.

Any student who enrolls in a class and fails to attend and/or to withdraw from that class within the prescribed time will receive a letter grade of “F”.

A student who withdraws from any course between the third and the tenth week of a semester will receive a grade of “W” for that course. A student may not withdraw from a course(s) after the tenth week. (Note: This does not apply to total withdrawal from school.)

ATTENDANCE AND COURSE CREDIT

ENTRANCE
Students are not allowed to enter classes unless they are properly registered, meaning that their names appear on the class list issued from the Registrar’s office. No credit will be awarded otherwise, even though the student has faithfully attended classes throughout the term and paid the fees.

ATTENDANCE POLICY
Hong Kong Adventist College adopts a strict attendance policy for all students. Regular attendance and punctuality to class is expected of every student. To receive a grade for a course, students are required to be present in at least 80% of all the class hours. For courses
with a laboratory component, 80% attendance policy also applies to attendance in the laboratory. In addition, all full-time students are required to attend scheduled school functions, including orientation, assembly, service education and picnic day, etc organized by the College. Absence in any of these functions may result in disciplinary actions initiated by the Dean of Students.

**ABSENCE**
The instructor may excuse a student who is absent from classes or assembly with a valid reason, such as personal illness or family emergency. However, excused absence does not exempt the student from the need to make up all possible work or assignments (such as examinations, class assignments, or laboratory work) missed during the absence or tardiness, and to fulfill the attendance policy of 80% overall class attendance. It is also the student's responsibility to check with the instructor immediately upon return to class after an excused absence to determine required make-up work and to complete any work according to the deadline set by the instructor.

**TARDINESS**
Three occasions of tardiness in a class are equivalent to one absence. A tardiness in excess of 15 minutes is considered to be an absence. Unless otherwise specified by the instructor, a student is considered tardy when the student is absent during the time that attendance is being taken.

**UNEXCUSED ABSENCE**
A student who misses school assignments or examinations as a result of an unexcused absence or tardiness may not be allowed to make up the work.

**CHAPEL / ASSEMBLY ATTENDANCE**
Each student is expected to attend the weekly college chapel / assembly. Attendance of designated recreational events such as picnic day is counted under chapel attendance. A student is allowed up to 20% absence per semester. Beyond that, a disciplinary action will be taken to “make up” the attendance. Otherwise an “U” grade will be given. Community services program will be utilized as the make up solution for excess chapel/assembly absences. The student is required to complete the make up within the semester the excess absences were committed. One absence is equal to one hour community service.

**CHAPEL / ASSEMBLY ATTENDANCE POLICY:**

1. One regular Chapel / Professional Club Meeting = 1 attendance point
2. School Picnic = 3 attendance points
3. Food & Fun Fair and Alumni Day = 3 attendance points
4. One Gospel Week day = 1 attendance point
5. Christmas Program = 2 attendance points
6. Recreation Day = 3 attendance points
7. Talent Show / Cultural Day / Mission Day / Singing Contest = 2 attendance points
8. Any 1 hour specially arranged seminar / lecture = 1 attendance point
Note: 3 late attendances = 1 absent
Total attendance < 80% = U grade
Total attendance ≥ 80% = S grade

ACADEMIC INTEGRITY AND HONESTY

Academic honesty is the cornerstone of an educational institution. Academic dishonesty, on the other hand, is a threat to the entire academic community and is, perhaps, the most serious violation of trust that can occur in a collegiate community. Hong Kong Adventist College expects high standards of integrity from all members of the institution. Academic honesty is assumed to be the norm in all academic activities.

Academic dishonesty includes:

1. **Plagiarizing.**
   This includes but is not limited to presenting research papers, reports (laboratory, reading, case study, etc.), or assignments not based on personal study effort (e.g. copying other’s published work, and/or not giving credits to other authors).

2. **Cheating on assignments or examinations.**
   This includes but is not limited to using learning aids not permitted by the instructor during a quiz, test, or examination; copying another person’s answer or using exam or crib notes during an examination; using someone else's answer in a take-home or open-book examination; using any material or mechanical or electronic means that would permit an unfair advantage over other students in the class.

3. **Forgery of signatures or falsification of data.**

4. **Unauthorized access to College files or accounts.**

5. **Removal, mutilation, or deliberate concealment of materials belonging to the institution.**

6. **Assisting another acts of academic dishonesty.**
   (e.g. falsifying attendance records, providing unauthorized course materials)

It is the responsibility of all faculty members to report all instances of academic dishonesty to the appropriate Department Chair who will then appraise the Academic Dean. It is the responsibility of each student to avoid both dishonest practices and the appearance of dishonesty. Each student should make the necessary effort to ensure that his or her academic work is not used by other students.

**PENALTIES**

Dishonest work will NOT be accepted at all. A student committing any offense against academic integrity and honesty may receive from the instructor a failing grade in an assignment, in an exam or in a course, without possibility of withdrawal. The nature of the
offense may also result in probation, suspension, dismissal, or permanent expulsion as determined by the Academic Dean in consultation with the Dean of Students and the Academic Council. Suspension, dismissal, or permanent expulsion will also involve action by the Administrative Committee.

**LANGUAGE PROFICIENCY**

**CHINESE**

All students are expected to develop at least some Chinese language communication skills. In order to graduate from HKAC (both affiliated and non-affiliated programs), students from Chinese-medium secondary school must take CHIN207 Practical Chinese Writing (3 credits). Students from non Chinese-medium secondary school must take Beginning Mandarin I course (4 credits). Students with prior Chinese language education or experience which results in language level higher than Beginning Mandarin I but is insufficient for admission into Practical Chinese course may petition for a waiver. A waiver examination may be required.

**ENGLISH**

Students in the Affiliation Programs are expected to have a proficiency level in English language skills comparable to those expected by North American colleges and universities. At Hong Kong Adventist College, all students whose first language is not English must demonstrate that they can read, speak and understand English. A minimum score of 79 in Test of English as a Foreign Language (TOEFL – iBT) or 6.5 in International English Language Testing System (IELTS) is used to measure such proficiency. Students who score below these levels are placed at the appropriate levels in the English remedial program. An average score of a B is required to progress to the next level in the program. Students who do not have results of these tests must plan to take the test at least three weeks prior to the start of classes to ensure that results are released in time for class registration.

Students may also opt to do Certificate in English, an intensive English program where they take only English language courses for one year for a total of 32 credits, in order to fulfill Proficiency English requirements. To be eligible for the Certificate in English program, students must pass in all the courses prescribed in program with a cumulative GPA of no less than 2.5.

Students who successfully complete this program according to the above requirements may proceed to ENSL090 Proficiency English I and other College-level courses.

**ENGLISH REQUIREMENTS FOR HKAC PROGRAMS**

Students in the HKAC programs are required to take ENGL101 and 102 General English I and II courses before proceeding to their junior year.

**REQUIRED COURSES**

All **REGULAR** college students are expected to take the following required courses as stipulated below:

- **English**: as required (subject to proficiency level)
- **Chinese**: subject to proficiency level
- **Chapel**: every semester when a person is not exempted
- **Philosophy of Service**: the 1st year enrolled
- **Religion**: minimum of one course every school year
- **BHSC300 Fieldwork**: no later than their junior year.
Although these requirements are already stipulated in other areas (Language Proficiency, General studies, Graduation, etc.), these requirements apply to ALL regular college students regardless of intent to transfer.

All PART-TIME College students who have not fulfilled their language requirements are required to take at least one language course based on their current language proficiency test score (IELTS or TOEFL) or their grade in their previous language course(s).

ACADEMIC STATUS

RESIDENCE
Residence is formally established by obtaining regular admission and completion of one semester of full-time study (minimum of 12 credits) with a GPA of 2.00. Extension students establish residence by completion of two consecutive semesters (also minimum of 12 semester credits with a GPA of 2.00).

Until residence is formalized, the governing Bulletin is not established and the College will not formally accept transfer credits or non-traditional credit.

A student is registered in a department and/or major upon initial acceptance. A student who wishes to change department and/or major(s) must indicate this intent on the appropriate form available from the Registrar's Office. A student of undecided major or major not available in HKAC is temporarily in a department selected by HKAC or in the major of General Studies.

CLASS STANDING
Class standing refers to a student's level of completion of an academic program. There are four classes: Freshman, Sophomore, Junior and Senior. In addition, these classes which are based on academic standing are organized to provide social and leadership opportunities. Class standing is determined at the beginning of each school year and includes current registration.

Freshmen
An applicant who has met the entrance requirements and has been accepted as a regular student is classified as a Freshman. All first-time students are initially classified as Freshmen. A student accepted on a provisional basis is also classified as a Freshman but may not advance to the Sophomore standing until he or she has become a regular student. Consideration for advanced class standing may be made for transfer students upon the recommendation of the Registrar.

Sophomore
A regular student who has earned 24 credits with a minimum cumulative GPA of 2.00 and who is currently registered for a minimum of 8 credits (for a total of 32) is classified as a Sophomore. A Sophomore student in any two-year diploma program may also be eligible to join the graduating class.
**Junior**
A regular student who has earned 56 credits with a minimum cumulative GPA of 2.00 and who is currently registered for a minimum of 8 credits (for a total of 64) is classified as a Junior. To be classified as a Junior, a student must declare an academic major and be eligible to take upper-Department course work.

**Senior**
A regular student who has completed 88 credits with a minimum cumulative GPA of 2.00 overall and a 2.25 GPA in the major and who is currently registered for a minimum of 8 credits (for a total of 96) is classified as a Senior. A senior student in four-year diploma or bachelor’s programs may be eligible to join the graduating class, subject to completion of graduation requirements and due process of application to graduate. To join the Senior class, a student must be eligible to graduate at the next commencement and must file for candidacy of graduation with the Registrar's Office.

**ACADEMIC PROBATION**
A student who has a semester or cumulative grade point average (GPA) below 2.00 is placed on academic probation, is restricted to registering for a maximum of 12 credits per semester, and will be referred for academic counseling. (See the section Foreign Student Policy also.)

A student whose semester GPA is below 2.00 for three consecutive school terms and/or whose cumulative GPA is also below 2.00 is considered to be academically disqualified and will not be permitted to register for further credits, except by action of the Academic Council.

A student on academic probation who has not reached a cumulative 2.00 GPA by the time he or she has completed 96 credits is academically disqualified and will not be permitted to register for further credits.

A student who is on probation need to meet the English requirement and must earn regular status within 3 semesters of admission by earning at least 24 credits with a minimum GPA of 2.00 and no grade lower than C after 2 semester OR at least 36 credits with a minimum GPA of 2.00 after 3 semester. Upon change of status of regular admission in AU affiliated programs, students must continue to work to fulfill English language proficiency requirements.

A student on academic probation is advised to repeat courses in which he or she has received a grade “D” or “F” in order to raise the cumulative GPA.

**ACADEMIC LOAD**

**SEMESTER CREDITS**
Semester credit is the basic unit of measurement in determining academic course work and load at Hong Kong Adventist College. A semester credit is defined as one 50-minute class period per week per semester.
ACADEMIC LOAD
A normal academic load for a student is 12-16 credit hours each semester. A normal load usually consists of 4-5 courses plus 1-2 activity and/or music courses. A normal load during the summer session is 6-8 credit hours. Correspondence study is included in academic load. No student may take more than 20 credits during a semester and more than 10 credits during summer session.

Calculation of the amount of time needed to study a given academic load may use this rule of thumb: A student is generally expected to spend 2 to 3 hours in preparation/review/assignment outside of class for each 50min of instructional time. This means a student taking a normal academic load of 16 credits will usually spend 48 to 64 hours each week in working on the courses by oneself and class attendance.

A College student with scholastic problems or who is on academic probation may not take more than 12 credits each term. Similarly, a student with a heavy work or extracurricular load should reduce the academic load. An international student is required by Hong Kong Immigration Department policy to take a normal load. (See Foreign Student Policy)

OVERLOAD
A student with a grade point average (GPA) of 3.00 and above during the previous regular semester may be permitted to take up to 18 credits at the discretion of the Department Chair.

A load beyond 18 requires a petition to the Academic Council; this load is usually only opened to students with a GPA of at least 3.30 based on a normal load in the previous regular semester.

LANGUAGE PROFICIENCY AND COURSE LOAD
A College student who has not achieved the required English proficiency will be required to take a reduced college load. (See "Language Proficiency" section). The balance of the time of such student should be devoted to achieving the required English proficiency. Likewise, foreign students (i.e. students whose first language is not English) who plan to graduate from HKAC and have not attained the Chinese proficiency needed will also be required to take a reduced college load and must first work on achieving the needed Chinese proficiency as the priority.

WORK LOAD
A student who has part-time employment is expected to adjust the academic course load so that there is a reasonable balance between work and study. In determining the proper balance, the student's ability and previous academic record are considered. The following schedule should serve as a guide:

<table>
<thead>
<tr>
<th>Course Load</th>
<th>Work Load</th>
</tr>
</thead>
<tbody>
<tr>
<td>12 – 17 credits</td>
<td>10 – 20 hours</td>
</tr>
<tr>
<td>7 – 11 credits</td>
<td>20 – 30 hours</td>
</tr>
</tbody>
</table>

Arrangements for work are usually made as part of the registration procedure in consultation with the Business Manager, the advisor, and the Academic Dean.
DIRECTED STUDY

Independent study is offered to provide opportunity for a student to have a special academic experience beyond that which is offered in the regular coursework, and is supervised by a faculty member with expertise in the area of study. It is evaluated according to specific goals prescribed in a document of agreement which includes: a description of the work to be done, the basis of grading, the number of credits to be awarded, and an agreed-upon schedule for student-teacher contact.

Independent study is limited to 8 credits in degree programs. Courses appearing in the College Bulletin shall always be taken under their own course number regardless of class size.

Directed study courses are offered within each department. The content of such courses is determined by the teacher in consultation with the Department Chair.

PRIVATE TUTORIAL

Private tutorials are available only for courses listed in the College Bulletin. Private tuition of a college course is given only under extraordinary circumstances along the following guidelines:

1. PURPOSE
   To enhance a student’s sense of responsibility, self-reliance, and perception. Permits exploration and in-depth study of different subject areas or sub-specialties. May be used as a last resort to resolve conflicts of scheduling, meet graduation requirements, and stay on track when scheduled classes are canceled by the College.

2. QUALIFICATIONS
   Third-and fourth-year students who possess the necessary background to benefit from this approach.

3. CONTENT
   May be similar to courses already offered in the College, but preferably in new areas of study. Students, in consultation with the teacher, are required to draw up a course outline specifying all the learning activities for the designated time period and agree upon the standard achievement for evaluation purposes. Interdisciplinary studies involving more than one department are not only permissible but also encouraged. Research, especially that involving primary sources of information, is encouraged. Trained observation and supervised practical experiences may also be included.

4. TIME STANDARD
   A minimum of 30 clock hours of meaningful and purposeful work for each credit. Class attendance is replaced by three hours of student-teacher consultation or tutorials.
5. **LIMIT**

No more than five (5) percent of total course requirements, and no more than 4 credits in one term for independent study. Private tutorials may exceed the limit upon approval of the Academic Council.

**SEQUENCE OF COURSES**

Credit is not usually granted for beginning or introductory courses taken after more advanced courses in the subject area have been completed. If permission is granted for a waiver of prerequisites for a more advanced course, the prerequisite course, if taken later, will not count in meeting total credits required for graduation.

**WAIVERS**

A student with prior experience or training who desires to be exempt from a specified academic course or requirement may petition the Academic Council for a waiver upon submission of proper documentation. When necessary, the student may be given a waiver examination as directed by the Academic Council. A fee of HK$250 is charged for this special examination. A waiver examination may only be attempted once. No credit is recorded in the student's permanent record for a waiver.

**COURSE INFORMATION**

Courses are numbered in an alphanumeric system. The first four letters represent the discipline. Three numbers follow the letters. The first digit designates the recommended year in which the course should be taken. Lower Department courses are numbered from 100 to 299. Upper Department courses are numbered from 300 to 499. The second digit may represent the sub Departments within a discipline.

In general, the following guidelines have been used in course numbering:

- **000-099** Remedial and Experiential courses (credits do not apply toward graduation, but do apply to financial aid minimums)
- **100-199** Courses normally taken during the freshman year
- **200-299** Courses normally taken during the sophomore year
- **300-399** Courses normally taken during the junior year
- **400-499** Courses normally taken during the senior year

The first numeral indicates academic level of the course. The third numeral will indicate course sequencing. Courses in which the third numerals are 1, 2, and 3, must be taken in sequence. (*For Example, ENGL 121, 122, 123 must be taken in sequence)*.
The credit indicated in connection with a course is the credit hour. One credit hour represents one lecture period per week or three clock hours of laboratory work.

The College will make every effort to offer all courses at appropriate intervals. It does reserve the right, however, to alter the sequences or drop courses if unforeseen circumstances in class enrollments or teacher staffing so dictate. The class schedule should be consulted for personal planning of course loads and schedules.

When courses specify that they are offered odd or even years, “odd or even” refers to the alternate years in which the academic bulletin takes effect.

**PRACTICUM/FIELD EXPERIENCE**

Directed Study in practical setting. One academic credit requires a minimum of 45 hours of work.

**LABORATORIES**

Required laboratories are listed in the course description. 45 hours of laboratory time (usually a weekly three-hour laboratory) are required for courses with compulsory laboratory experience.

**LANGUAGE OF INSTRUCTION**

Unless otherwise indicated, as a rule, the language of instruction and assignment is English. However, if there is not a single student of AU Affiliation Program enrolled in a specific class, all students enrolled understand Chinese, and resources permitting, HKAC may consider supplementing the teaching of the class for that particular time in Chinese if it is the request of all students enrolled.

**UPPER DEPARTMENT COURSE RESTRICTIONS**

All first-year College students (Hong Kong Adventist College and Andrews University affiliated) are normally restricted to register for lower department courses numbering between 100 and 200. In order to register for upper department courses, students in the AU affiliated programs must have a pass in ENGL115 English Composition I while HKAC students must pass ENSL101 Intensive General English I and ENSL102 Intensive General English II. While students in the AU programs may take upper department course after successful completion of ENGL115 English Composition I, they may not take upper department courses that require intensive or professional research writing skills.
MAJOR AND MINOR REQUIREMENTS

Each Department lists the subjects that are required for each major and minor program. A major is a concentration of courses in a discipline or subject area of ~36-44 credits. A minor is a concentration of courses in a discipline or subject area of ~20-24 credits.

PREREQUISITES

Each student must meet prerequisites before enrolling for a course. The prerequisites for each course are listed at the end of the course description. Any exceptions to prerequisite requirements must be recommended by the instructor and the appropriate Department Chair and may require Academic Council approval.

GRADING SYSTEM

GRADE REPORTS

A grade report is issued at the end of each school term. These final grades are recorded on a student's permanent record. The permanent record (or transcript copy of the permanent record) does not include or list current registration or work in progress. A student may request for a review of his or her final grades within a week after grade reports have been issued to students. No grade changes are allowed later than one week after the issuance of grade reports.

FINAL EXAMINATIONS

A final examination may be expected in all regular courses. A student is expected to take final examinations as officially scheduled. Failure to do so may result in a reduction of grade or failure in the course. A final examination may only be rescheduled with the approval of the Academic Dean. If an individual takes an exam outside of the school schedule, a fee of HK$500 will be charged.

GRADE POINT AVERAGE (GPA)

An average of all grades (Grade Point Average) is indicated on a student's grade report and transcript. The College uses a 4.00 point scale. The Grade Point Average (GPA) is computed by dividing the total number of accumulated grade points by the total number of regular credit hours. Although listed in the grade report and in the permanent record, credits with S grades are not counted in computing a GPA. Non-college credit courses are not computed in the college GPA.

Only the best grade of a repeated course will be calculated in the GPA.
**GRADING SYSTEM**

Grades of courses under the AU affiliated programs or HKAC programs are issued using the following grade point values:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Definition</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>

<td>4.00</td>

<tr>

</tr>
</tbody>
</table>

The following grade designations are used to indicate course status and work done. These are not used in computing the GPA.

- **AU**: Audit (indicates satisfactory class attendance).
- **AW**: Audit/Withdraw (indicates that audit student attended less than 80% of class).
- **DG/IP**: Deferred Grade or in progress (course not likely to be completed within one semester).
- **I**: Incomplete (course to be completed during the following semester).
- **NC**: No credit (indicates that a student attempted and completed the course but is not eligible for credit).
- **NR**: No report (indicates that no grade was submitted by the instructor).
- **S**: Satisfactory performance (equivalent to a C- grade or better).
- **U**: Unsatisfactory performance.
- **W**: Withdrawal from class.

**DEFERRED GRADE (DG) / IN PROGRESS (IP)**

A “DG” or “IP” may be given in certain courses recognized to be of such a nature that all the requirements are not likely to be completed within one semester. It may be given for tours, field/clinical experiences, internships, project and independent study courses, and courses requiring research. The Registrar’s Office records a “DG” or “IP” only for courses previously recommended by a Department and approved by the Academic Dean.

An instructor may designate a time limit for a given course or for a specific situation for the “DG” to be changed to a letter grade. A “DG” or may remain on a student’s transcript at graduation if the course does not count toward the degree.
INCOMPLETE (I) GRADE
A grade of “I” indicates incomplete work in a course resulting in the withholding of a final grade. To apply for an “I” grade, a student must fill out the Incomplete Request Form available from the Registrar’s Office and obtain the required signatures. Permission for an “I” grade requires the approval of the Academic Dean and is given only in exceptional cases. An application for an “I” grade shall be submitted by the eighth week of the term. Incomplete work must be completed by the 7th week of the following term; otherwise the grade on the Incomplete Application Form will be entered into the student’s permanent record. Incompletes are counted in determining the subsequent term load.

MINIMUM GRADE REQUIREMENT

C- is the minimum grade for majors or minors.
D is the minimum grade for general education courses and cognates.
S or U grade may only be assigned to general education and certain practicum courses.

HONORS AND AWARDS

Dean’s List
Students who complete a term of study with a minimum of 12 semester hours, excluding “S” credits and Incompletes, and attain a grade-point average of at least 3.50, will be acknowledged on the Dean’s List.

Graduation with academic distinctions
Students of bachelor degree, 4-year diploma and 2-yr diploma who have completed at least 30 semester credits taken on the campus or extension campus of Hong Kong Adventist College. The following designations will be printed on the diploma and student’s transcript for the following cumulative GPA:

- Summa Cum Laude GPA = 3.90 – 4.00
- Magna Cum Laude GPA = 3.75 – 3.899
- Cum Laude GPA = 3.50 – 3.749

NO REPORT (NR) GRADE
The “NR” grade indicates that no grade report was submitted by an instructor. It is a student’s responsibility to contact the instructor to determine why no report was issued.

REPEATED COURSES
A student who does not pass a course with a satisfactory grade may repeat the course. Since all work done at the College is permanently recorded, the grade received at the first attempt will not be removed from the permanent record. However, credits are only counted once for any specific course, and the better grade will be used in the computation of grade point averages. Only two repeats for any one course are allowed.
SATISFACTORY (S) / UNSATISFACTORY (U) GRADE
A grade of “S” or “U” indicates that a student completed course work at a satisfactory or unsatisfactory level. This method of grade notation does not affect the GPA. A “S” / “U” grade may only be awarded for free elective courses, FTES courses, or major courses as designated by the Department.

WITHDRAW GRADE
A grade of “W” indicates that a student officially withdrew from a course. “W” grades do not affect GPA. A student with a “W” grade in a course is not eligible to take a proficiency examination in order to receive credit for that course.

OFFICIAL TRANSCRIPTS
At the request of the student, the Registrar's Office will provide, without charge, one transcript of credits as recorded on the permanent record. Additional copies cost HK$100 (HK$150 if mailed overseas) to be paid in advance. Transcripts are sent directly to organization(s) or authorized official(s) only upon the written request of the student. An official transcript may only be sent to an organization or official. A transcript issued directly to a student or to an individual will be stamped as "Issued to Student".

Transcripts are ordinarily issued and sent by Registered Mail within 5 working days from receipt of a written request for a transcript. A service charge will be levied for earlier issue of a transcript (HK$300) or for sending transcript by courier or other express services.

WITHHOLDING OF TRANSCRIPTS
The College reserves the right to withhold information concerning the permanent record, transcript, or other records of any student whose account is in arrears. No transcript will be issued until all of a student's financial obligations to the College have been met.

REPLACEMENT COPY OF DIPLOMA
If an individual requires a replacement copy of the diploma, a fee of HK$500 will be charged.

TRANSFER AND NON-TRADITIONAL CREDIT

NON-TRADITIONAL CREDIT
Since it is recognized that learning can take place outside the college setting, a student may take up to 24 non-traditional credits. A student must establish college residence (a minimum of one academic semester of full-time course work) before an application for non-traditional credit will be considered.

1. **Credits by External Examination.**
Credit may be granted by the Academic Council upon the presentation of satisfactory documentary proof that equivalent examinations at a tertiary level have been passed at a standard required by the College. Only a grade of “S” (Satisfactory) will be recorded.

Fee: HK$500 per course.
2. **Credits by Proficiency Examination (Challenge Examination).**
A student who has taken similar training in a different setting to a course listed in the Bulletin and who can submit evidence that similar content has been covered as stated in a teacher's course outline may petition to the Academic Council for a proficiency examination. If the petition is approved, the student will be given an examination set by a faculty member appointed by the Academic Council. Upon passing the examination and upon payment of tuition, credit equivalent to the existing Hong Kong Adventist College course will be recorded on the student's permanent record. Only an “S” (satisfactory) or “U” (unsatisfactory) grade will be recorded. The examination may be attempted only once. The proficiency examination will not be given to a course to raise grades in courses previously attempted or audited.

Fee: HK$500 per examination.

3. **Credits by Correspondence Study.**
A maximum of sixteen credits may be granted for work done through accredited correspondence study while in residence at Hong Kong Adventist College. Written permission must be obtained from the Academic Council before correspondence study commences. Correspondence study is included in calculating overall academic load. All work done by correspondence must be completed by one semester prior to graduation. Credits from accredited correspondence study earned prior to admission are transferable on request and upon recommendation of the Department Chair. A request for transfer of correspondence study credits should be made in the first year of residence. Only a grade of “S” (Satisfactory) will be recorded.

Fee: HK$500 recording fee per course.

4. **Credits for Experiential Learning.**
A student who has learning experience outside a college setting may petition the Academic Council to receive credit. A student must submit a portfolio or documentary evidence from a supervisor on the nature of the learning experience. Credit granted must correspond to current course offerings. An examining committee, consisting of the appropriate Department chair, one faculty member teaching an equivalent course, and one faculty member from another discipline, will evaluate the materials and recommend credit to the Academic Council. After Academic Council approval and upon payment of tuition, credit will be recorded in the student's permanent record. Only a grade of “S” (Satisfactory) will be recorded.

Fee: HK$500 per course.

**TRANSFER CREDIT**
Transfer credits from accredited colleges and post-secondary institutions (including credit from an accredited home study or distance learning institution completed prior to initial enrollment at Hong Kong Adventist College) may be granted on an individual basis. A complete, official transcript from the former school(s) must be on file in the Registrar's Office before transfer credits will be considered. For affiliation programs, the credits presented for
transfer must be for college level courses in which the student has earned a grade of “C-” or higher.

Credits are accepted only if they meet the requirements (major, minor, concentration, general studies, or general electives) of the programs offered at Hong Kong Adventist College and if they conform to similar courses offered at Hong Kong Adventist College or by a recognized or accredited, liberal arts college or university. Once transfer credits have been approved by the Academic Council, the name of the institution and the total number of equivalent credits transferred will be noted on the transcript.

Transfer credits from non-accredited institutions are considered on a case-by-case basis. Full documentation with course descriptions and course outlines and validation are required.

Requests for transfer of credits may be made through the Academic Council only at the time of admission to the affiliation program, or at the time when a change of program is approved, or if a petition to accept the course was approved and on file before the course was taken.

COURSE OUTLINES

Course outlines are generally distributed freely by the instructor to students registered for the course at the beginning of the term.

One calendar year before graduation, a prospective graduate shall file with the Registrar a program approved by the Department Chair showing that it is possible and reasonable for the prospective candidate to complete requirements within the next three terms.

A prospective graduate must submit an Application to Graduate Form to the Registrar no later than the first week of the student's final year. (The above form is available from the Registrar.) When a candidate is cleared for graduation by the Registrar (clearance includes verification that a student is eligible to graduate and verification of documents of secondary school completion, transcripts of any transfer credits from other accredited institutions or from external examinations, and documents of any exemptions from the regular program) and is recommended by action of the Academic Council, the college President will extend an official invitation to the candidate to join the graduating class (as a senior or associate member) and to participate in graduation exercises. Granting of the diploma or degree is always subject to successful completion of the proposed program within the current school year.

CONDUCT
Good conduct is considered an important requirement for graduation. A candidate who brings the standards of the College into disrepute may not be eligible to participate in graduation exercises.

GOVERNING BULLETIN
The Bulletin when a student initially registers is used to determine program and graduation requirements. A student may choose to follow the requirements of any later Bulletin while in residence. Course offerings are determined by the current Bulletin.

If a student breaks residence for more than one school year, the requirements of the bulletin at the time of re-admission will be used. A graduate who returns for further study is required to follow the regulations of the bulletin at the time of return. Service for one year as a Hong Kong Adventist College student missionary is not considered as a break in residence; a Hong Kong Adventist College student missionary returning from service of more than one year must request the Academic Council’s approval if wishing to choose the bulletin in effect at initial registration.

A student who enrolls for a second degree is governed by the bulletin in effect at the time of re-enrollment.
GRADUATION WITH HONORS
A candidate may graduate with honors if he or she achieves an exceptional cumulative grade point average (with no grade below a C- in any course attempted). Honors are awarded as follows:

- *cum laude* 3.50 – 3.749
- *magna cum laude* 3.75 – 3.899
- *summa cum laude* 3.90 – 4.00

MAJOR
A candidate is expected to select a major by the beginning of the junior year. A change in major may result in delays in completion of program requirements.

MINOR
A candidate who wishes to have a minor listed on the permanent record must complete all listed Departmental requirements.

RESIDENCY REQUIREMENTS
1. For two-year diploma candidates, a minimum of 20% of the requirements in each major and minor must be taken at HKAC in residence.

2. Degree candidates must be in residence the two consecutive semesters preceding graduation. A minimum of 25% of the requirements in each major and minor must be taken at HKAC in residence.

3. Transfer students must be in residence the two consecutive semesters preceding graduation and must complete a minimum of 30 credit hours, including 8 upper-Department semester hours in the major and 2 upper-Department credit hours in the minor.

*(For students in the AU Affiliation Program, the residency requirement policy of AU, if different, will apply instead).*

SECOND DEGREE
A student who wishes to earn a second degree must meet all major and cognate requirements for a second major, a minimum of 30 additional credits beyond the first degree, and fulfill the regulations (including any general studies requirements beyond those required for the first degree) of the Bulletin at the time of re-admission. Re-admission is *de facto* even if there is no actual break between completion of first degree and commencement of second degree. The major of a second degree must be in an area of a different nature from the first degree.

Students with professional training only need to fulfill the components of General Education up to 12 credits.

*(For students in the AU Affiliation Program, the second degree policy of AU, if different, will apply instead).*

DEPARTMENT OF ENGLISH

The mission of the Department of English is to promote literacy, invigorate an appreciation for English language and literatures, and to abet its effective use in creative expression and day-to-day life. We believe that language plays a very important role in human communication and therefore should be an integral part of the training in this institution. This philosophy is derived from a Bible verse in Isaiah (50:4), “The Sovereign Lord has given me an instructed tongue, to know the word that sustains the weary. He wakens me morning by morning, wakens my ear to listen like one being taught”. We interpret “instructed tongue” and “one being taught” as being literate and therefore exhibiting the ability to read (gather and analyze information), write (communicate information), and think critically (draw creative and independent conclusions). The department fosters these goals through instructions in all its courses.

The Department of English consists of a community of teachers who are committed to Christian values reflected in teaching skills, fostering life-long learning, encouraging appreciation of diversity, and promoting intellectual research.

The Department offers a one-year certificate in English program for students who desire to focus on improving their English language skills in preparation to undertake tertiary-level programs offered through affiliation with Andrews or Griggs universities or the local accredited HKAC programs.
ONE-YEAR CERTIFICATE IN ENGLISH PROGRAM

Certificate in English is a one-year programmed designed to help students acquire the necessary English language proficiency required to handle college-level courses offered through affiliated or local accredited programs. Certificate in English language will cover the fundamentals of language skills such as grammar, reading, listening, speaking, and writing.

Creative approaches will be used to motivate students and to ensure that they are able to apply the skills they learn in the classes into their everyday life. In addition to classroom lectures, unconventional approaches are also used such as the use of music, drama, and role-play to teach language so that the students have the opportunity to use the language in various settings or contexts.

**The objectives of the program:**
1. To provide students with a more comprehensive immersion in the language to enhance their English language proficiency;
2. To provide students more opportunities to be involved in the language without interference from other courses;
3. To help students focus on their goal in language proficiency attainment.

**To be granted the certificate, students must:**
1. Completed 32 credits of the courses listed in the program;
2. Pass all courses with no grade lower than a C-;
3. Obtain a cumulative Grade Point Average of 2.50 or higher;
4. Involve actively in activities of the course and program with an attendance of no less than 90%.

*(Students who successfully obtained a certificate in this program may proceed directly to ENGL115 English Composition I at the college level.)*

**ADMISSION**
(Fulfill the entrance requirement to the College program)
1. Successfully completed Secondary 6 or equivalent and
2. Obtain a pass in English language (level 2) in HKCEE or IELTS score of at least 3.5 (iBT, 31) or equivalent.

**BHSC100 PHILOSOPHY OF SERVICE PRACTICAL EXPERIENCES**

The Chair of the Department of General Education will furnish the teacher teaching the course with the practical service education form to be distributed to his/her students at the beginning of the Semester.

The form provides students the options to do community service on campus or off campus.

For both (on or off campus), students will have to fill out the details of what they are doing for the community service.

Students will have to complete 15 hours of community service to complete the requirement of this course which account for 17% of the total weighting of the course.

The completed form will then be submitted to their immediate supervisor who will check their service description and number of hours done.

The immediate supervisor will then grade the students based on his/her assessments of their performances in terms of punctuality, diligence, initiative, and integrity.

Supervisor may still give grades to the students regardless of the number of hours they completed as long as the service required for that department or event originally intended is completed.
Upon completion of the 15 hours required, the grades from different departments or different events will be averaged up for a final grade to be recorded on their transcript.

For the sake of grade tabulation, grade must be given in percentage of 100. It is up to the supervisor to determine the weighting but a complete report showing how the grade is calculated must be submitted to the instructor of the course.

Community service **MUST BE COMPLETED WITHIN THE SAME SEMESTER** the students registered for BHSC100 Philosophy of Service.

BHSC300 PHILOSOPHY OF SERVICE FIELDWORK

Apart from fulfilling the number of hours required above, students are also required to register for BHSC300 Philosophy of Service Fieldwork at any time they wish during the course of study at Hong Kong Adventist College.

For this course, students are required to do 40 hours of community service. This course may be repeated to fulfill the total number of hours required.

For each credit registered, students are required to fulfill 20 hours of community services. Like the practical experiences above, students may complete their hours from different departments or events during the semester.

The total number of hours must be completed (20 hours) within the semester students registered for BHSC300: Philosophy of Service Fieldwork.

At the end of their community services, students are required to write a report of their experiences as stipulated in the Service Learning package which include the requirements checklist obtainable from the chair of the Department of General Education located in Room 109 in the Administration Building.
DEPARTMENT OF GENERAL EDUCATION

GENERAL STUDIES PROGRAM

The general studies program is designed so that students may increase the breadth of knowledge and depth of thought in major areas of learning. It is one of the emphases of education at Hong Kong Adventist College, and provides the student with opportunities for the acquisition of knowledge and skills over a range of disciplines, fostering an awareness of how each discipline is integrated with the other. The major areas of learning are approached from a Christian perspective, with the religion courses providing a basis for exploration of personal values and commitment to God, the Creator of the universe. Teachers make an intentional effort to integrate faith in learning and practice.

Since HKAC is situated at the doorway to greater China, students have the unique experience of exposure to the Chinese language and culture and history within the general studies program. The general studies courses bring into focus the unity of knowledge and are intended to help the students develop a worldview consistent with that unity. With this general studies base, the students will develop some practical skills in the applied arts and gain a general knowledge of the major areas of learning, which include health, humanities and fine arts, the natural sciences, mathematics, and the social sciences. Furthermore, as part of their graduation requirements, students demonstrate their concern for humanity by devoting 40 hours of community services through BHSC300 Fieldwork and another 15 hours as practical integration for the course BHSC100 Philosophy of Service. These courses emphasize the value of service and the dignity of labor within a Christian context.

The General Studies program at HKAC helps students to:

1. Make a commitment to a spiritual life, personally acknowledging God as their Creator and Savior.
2. Have a clear understanding of themselves as persons as they become familiar with the behavior and responsibilities of individuals and societies.
3. Have a sound understanding of the culture in which they live and to develop social graces.
4. Develop the skills for reflective thinking, analysis, criticism, and synthesis with a tolerance for those who differ from them in their thinking.
5. Develop problem solving skills.
6. Learn to formulate, organize, and communicate ideas and information.
7. Learn the value of collaborative work.
8. Recognize the dignity of honest labor, their ethical responsibilities, and the value of service to others.
The program is designed to provide a bridge for students having completed secondary school and did not fulfill the minimum requirement to enter the local universities to qualify for college entrance in associate degree, higher degree or bachelor’s degree programs. Simultaneously, some students may enhance their skills for initial job placement.

Upon completion of the program, students should be able to:
1. To apply knowledge of the social science and/or mathematics fundamentals to the understanding of social issues and/or natural phenomena.
2. To communicate effectively in English (and Chinese for native speakers).
3. To use a range of IT applications to support and enhance academic learning.
4. To understand a person’s moral and ethical responsibilities to his/her family, society, nation and environment.
5. To apply knowledge derived from general education to solve personal and interpersonal problems.
6. To recognize and respond to the need for developing personal competence and life-long learning.
